294138 BUREAU OF TECHNOLOGY, by Antonio Hylton, Chief Information Officer, transmitting a Communication:

requesting authorization for the Purchasing Agent to enter into a contract with **U.S. GEOLOGICAL SURVEY**, Urbana, Illinois, to procure aerial photography.

Reason: This joint funding agreement represents the work of a consortium involving the federal government, seven (7) counties of Northeastern Illinois and a regional council of governments to procure aerial photography for the benefit of each agency. Because of the economy of scale and the philosophy of good government, Cook County will realize a savings of approximately \$500,000.00 over the cost should the county have acquired it solely. This consortium and this project are unprecedented as a resource and data sharing initiative.

Estimated Fiscal Impact: \$181,583.00. Contract period: February 1, 2008 through September 30, 2009. (545-260 Account). Requisition No. 85450011.

Sufficient funds are available through the Geographic Information Systems Fund.
